COVID-19 Impacts:

Suds and Soles:

Karen Kincer, Suds and Soles RD, joined the board meeting to discuss the event in light of the current COVID-19 situation. Conversations with the City of Rockville need to happen, but it is

difficult to see this race happening this year with the way the virus is impacting life and events. This is particularly true with this event and the way the event is structured with the post-race festival and the proximity of runners.

Financial Impacts:

The financial hit on the club will be significant. The board is discussing ways to help mitigate the impacts of this will have on the club. Ken, Brad, Jennifer, and Ashley will be getting together to go through the financials thoroughly and report back to the board. Right now, we agree that the club will be able to weather this with the current reserves.

Programs:

Ken will be reaching out to the program directors to discuss options on keeping operations moving with virtual and other virtual coaching options. Before moving forward, we would need by-in from the directors and their coaches.
