The Board agreed the new format of the monthly Board Report is informative and useful.

COVID-19 Vaccinations and other COVID policies, Brad and Board:

The Board discussed a proposal to add an attestation to program registrations that program participants have been fully vaccinated against COVID-19 at the time of registration, or are unable to be vaccinated for medical or religious reasons. The Board agreed to add the attestation as a requirement for program participation. The attestation may be amended or removed at a future date.

The Board also discussed developing a policy if someone in a program tests positive for COVID-19.

Membership and Marketing Strategy, Connie Corbett:

There was agreement that the communications committee should be expanded to include marketing. Connie will identify the types of marketing expertise that will be useful on the committee. The Board will seek to identify 1-2 club members with those skills who can volunteer on the committee.

MCRRC's goal is to increase membership to 3,000 members by the end of 2022.
